CORRESPONDENCE CONTROL

Standard Operating Procedures (SOP) Approval and Need to Resubmit Other SOPs

J. M. Kersh, Associate General Manager
Environmental Restoration and Waste Management
EG&G Rocky Flats, Inc.

By letter dated April 7, 1992, EPA has approved SOP volumes I through IV and volume VI for use in Remedial Investigation field activities. You will note in the EPA letter that there is some concern over not resubmitting some SOPs and for our failure to respond to their conditional approval of other SOPs.

Please determine which SOPs need resubmittal and which SOPs need a response to EPA comments as part of their approval. The appropriate SOPs and information should be forwarded to us for transmittal to EPA. Please respond to this memorandum as to the status of the SOPs within three weeks of the date of this memorandum.

If you have any questions, please contact Frazer Lockhart extension 4538.
